## Lake County League Seen for Northwest Conference in 1957

### Warren, L. Forest, Round Lake, May Replace Cook County High Schools

Prospects are quite strong that the Northwest High School conference will by 1957 have an all-Lake County membership.

Principals of high schools in the Chicago area have received copies of the recommendation of the re-alignment committee which will come up for discussion at a meeting of the Association of Suburban Conferences at the Palmer House in Chicago Wednesday, April 18.

The recommendation of the committee headed by T. R. Birkhead, formerly of Antioch, is that Cook County schools, Palatine, Fenton, and Glenbrook be placed in other conferences and in their places Warren, Round Lake and Lake Forest be substituted.

Most of the principals in the conferences are enthusiastic over the proposal. They have schools of nearly the same size and with prospects of the same growth.

Round Lake is new, and Lake Forest and Warren who have been in the North Suburban conference have had to compete against bigger schools.

Principal A. L. Dittman says that he thinks chances for this re-alignment are favorable, but cautious that the plan may be caught up in the whirl of other setups where there may be objections.

Palatine and Dundee are suggested for membership in the North Suburban conference in the place of Lake Forest and Warren. Glenbrook would be placed in a new as yet unnamed conference with North Chicago, Elmwood Park, Highland Park, Arlington Heights, Niles and Main, and the Suburban conference with the loss of Highland Park and Niles would receive Leyden and remain a 7-member conference.

These recommendations may not be so acceptable, but it remains to be seen what the response will be.

The change in the Northwest conference would be to the advantage of Antioch which would not have to travel so far for games and could take more rooters. The Cook County schools sent comparatively few rooters because of this distance.

## County Fair to Move to Own Grounds Near Grayslake July 26-29

The 1956 Lake County Fair and 4-H Club show will be held on the recently purchased fair ground site located at the intersection of Route 120 and 45, according to E. E. Elsbury, president of the Fair association.

The fair grounds comprise close to 55 acres located in the northwest corner of the intersection. Because of changes in route 120, it is expected that traffic in and out of the fair grounds will be from route 45. Because buildings cannot be readied for use, exhibits will be in tents.

The dates of the 1956 fair are Thursday through Sunday, July 26 through July 29.

In celebrating the new home of the Lake County Fair, the board of directors is planning an outstanding entertainment program including spectacular fire works and stage presentations.

Since the fair premium book will be released earlier this year, those desiring ads should contact Secretary L. A. Nordhausen, Grayslake, at an early date. Prospective exhibitors should also write the secretary for premium catalog.

### Firemen Dine on Fish, Hear Talk by Cooney

Antioch firemen dined on fish Tuesday evening through the courtesy of William Rosing who brought them a hundred pounds of the food from Melbourne, Fla., where he spent the winter.

Added to the fine evening was entertainment provided by Ed Cooney of Fox Lake who is associated as membership chairman with the Izaak Walton League with office in Chicago.

Cooney showed movies of the league's beginning and its accomplishments. It fostered the upper Mississippi wild life refuge and the purchase of the Quetico-Superior wilderness on the international boundary of U. S. A. and Canada.

Its sponsorship of the federal bass law, and the pollution campaigns are other notable achievements.

### Red Cross Drive Is Extended Two Weeks

Mrs. Arnold Koenig, Antioch Township chairman for the annual Red Cross drive, reports that the drive will be extended for two additional weeks, mainly because the Easter holiday has caused a lag in contributions.

Thirty-four canvassers are working in various parts of the township, she reports, and added that the drive is going well in most territories.

Linden Lane was not mentioned in previous stories about the drive through an oversight, but Mrs. Koenig said today that Mrs. Oscar Onstad has been appointed to canvass that subdivision.

## Lions Club Donates \$5,000 to Help Pay Cost of Aqua-Center

### \$7,000 More Bonds to Be Offered to Bring Total Fund to \$85,000

A gift of \$5,000 was made by the Lions Club Monday night to the Lions Community Service Corp. to assure it adequate money for its new Aqua Center.

The club originally had planned to purchase \$5,000 in bonds, but at the suggestion of the officers of the swimming pool organization, it decided on the outright gift.

In its report to sponsoring club Monday evening, the officers of the corporation said that the pool would cost approximately \$80,000 and that unforeseen expenses would require a fund for contingencies.

An example of increased cost which will be taken care of through the contingency fund, was the fact that a drain that the village employees had thought ran from the low ground to the village system just doesn't exist, and it will be necessary to lay this sewer a distance of 350 feet or more.

While the directors do not know how much will be needed, they plan a meeting Friday night at the Rescue Squad headquarters at which time they will plan an additional canvass in getting the pledges for the purchase of about \$7,000 more bonds. This will bring the total near \$80,000 which the officers originally provided for as a limit.

The canvass will be in areas which the Lions solicitors did not get around to in the earlier drive.

In the meantime the construction of the swimming pool is going ahead rapidly. The footings were poured, the walls started and the plumbing work begun. The intention of the contractors is to have the pool done on schedule so that it can be used the entire season.

Lions club members have volunteered to do painting and to help construct the roadway and parking area.

An application for use of those who wish to purchase bonds is reproduced on page 16 of this issue of the News.

## Purchase of 10-Acre Jensen Plot Prefaces 4-Year Plan of High School Development

The Antioch Township High School Board of Education recently completed the purchase of approximately ten acres of land east of the Soo Railroad tracks. The property was purchased from Dr. G. W. Jensen for expansion of the school physical education and recreational facilities.

The new property lies parallel to Route 173 and is directly adjacent to ten acres of land already owned by the Board which is presently used as the baseball field and football practice field.

Principal Albert Dittman has recommended to the Board that a four year program be established for the development of the entire twenty acre area.

The Board has decided that a special committee should be appointed the latter part of April to plan the necessary procedure for the development of the property.

The board feels that an architect should be selected to prepare a topographical map for the careful planning of drainage and fill. Also, the architect can prepare a layout for recreational and physical educational facilities that will utilize to the maximum the twenty acres of land.

Careful thought should be given to the following: (a) Tunnel, concrete duct or passageway under tracks to the recreation area. (b) Water and sewage to other side of tracks for toilets and drinking water. (c) Bleacher and stadium seating. (d) Lights for night football. (e) Parking area. (f) Soft ball and hardball baseball diamonds. (g) Tennis courts that can also be used for outdoor basketball courts. (h) Fencing around entire area.

## Holy Week Services to Come to Climax in Easter Exultation

### Schools Close Today for 3- Day Holiday—Resume Next Wednesday

Special services this week in Antioch area Christian churches are leading up to the key anniversary of Christendom—Easter—which is expected to release great joy through memory of the Risen Christ and his conquering of the grave.

Today is Maundy Thursday, the anniversary of the last supper of Jesus with his disciples.

Tomorrow will be Good Friday, the hours of which Christ was on the cross. Lack of services may cause fewer business places to close this year from noon to 3 p. m. and the Chamber of Commerce has left the matter of closing to the individual business men.

Evening services have been announced by at least two churches.

There will be extra services Sunday to accommodate the crowds. Easter is earlier this year and the cold weather has put a damper on enthusiasm for any Easter parade of finery. Special music and the occasion itself are expected to attract more than the usual number to services.

Public schools closed shortly after noon today and the pupils and students will not return to their classes until next Wednesday, April 4.

### Methodist Church Services

The Antioch Methodist Church will observe Maundy Thursday with the service of the Lord's Supper at 8 p. m. today. It will be open communion.

Good Friday service will be at 8 p. m. with the choir singing special sacred music.

There will be three worship services Sunday, at 8, 9:30, and 11 a. m. There will be a sunrise service at 6:30 a. m. sponsored by the Methodist Youth Fellowship. Easter breakfast will be at 7:30 a. m.

St. Peter's Catholic Church Solemn mass and Holy Communion are scheduled for 7 p. m. today, with a Guard of Honor from 8 p. m. until midnight, provided by the Holy Name society.

On Good Friday there will be Adoration of the Blessed Sacrament from 8 a. m. to 6 p. m. and at 6 p. m., Solemn Liturgical Function of Our Lord's death.

There will be the blessing of the New Fire Easter candle, Easter water, and Baptismal font, and solemn mass at 8 p. m. Saturday. Fast will end at midnight.

There will be masses at 6, 7:30, 9, 10, and 11 a. m. Sunday.

### Parking Survey Ready

Members of the Antioch Chamber of Commerce at their meeting next Monday noon at Smart's Country House will be shown the survey made of the proposed parking area east of the business houses on Main st., President Joseph Patrovsky said.

This survey will then be taken before the village board on Tuesday evening for its consideration.

## Troop 92 of Boy Scouts Work to Raise Equipment Fund With Paper Drive

Troop 92, Boy Scouts of America, sponsored by Antioch Lions Club is hard at work these days in a drive to raise funds with which to purchase much-needed camping equipment.

The paper drive has been in progress for a week with good results, according to C. B. Olson, advisor, but he added that more paper scrap is needed and asked that local residents telephone 641-J, 1043, or 539, if they have scrap paper available.

As an additional means of raising the necessary money, scout mothers will sponsor a bakery sale on April 7, at the Carlson Ford Sales show-rooms.

## Arlene Cribb, Richard 5th Rate Highest in Essay Examinations

The two highest rated papers in the United Nations examination conducted at Antioch Township High School March 23 were those submitted by Arlene Cribb, a senior, and Richard Srich, a junior.

Mrs. Jeanette Tulumello, who directed their studies in the social studies department, said she was pleased with the responsiveness of the Antioch students, for many of them competed. Many made a fine showing on the tests.

Students throughout the nation are competing for trips to Europe and the National capital, for scholarships and for cash awards.

The entries of Arlene and Richard will be placed in the national contest.

## Deadline on Withdrawals Saturday May See Fewer Than 9 Candidates for School Board

### Tickets Go on Sale For Woodwind Quintet Entertainment Apr. 20

Plans are progressing for the presentation of the Chicago Symphony Woodwind quintet in concert at the Antioch Township High School auditorium on the evening of April 20. Tickets will be sold by the Woman's Society of Christian Service of the Methodist church.

Featured on the flute will be Ralph Johnson, a native of Beloit, Wis., who has played with the symphony for many years and is an instructor at Roosevelt College, Chicago Musical College and the Metropolitan School of Music.

Robert Ryan, oboist, received his early training from Alexandre Duvour, first oboist of the Minneapolis Symphony Orchestra and is a teaching associate at Northwestern University in woodwind instruments. He also coaches many chamber music ensembles. His book on the art of oboe reed making has been acclaimed as one of the most thorough treatises on the subject.

Jerome Stowell received instruction in clarinet from M. J. Meynen, famous Belgian clarinetist. Declining a scholarship at the Royal Conservatory of Music of Brussels, he pursued a business education to be near a metropolitan area of musical activity. In addition to his association with the Chicago Symphony Orchestra, he is chairman of the wind instrument department at De Paul University and is on the faculty of the American Conservatory of Music.

Phillip Farkas adopted the French horn while in junior high school, and later joined the Chicago Civic orchestra. He played for a short time under Rodzinsky in the Cleveland Symphony before returning to symphony work in Chicago. He is a member of the faculties of Northwestern University, Roosevelt College and De Paul University.

The bassoonist, Wilbur Simpson, became interested in his instrument while in high school and received a first division rating in a national solo contest which resulted in a scholarship to Northwestern University. He serves on the faculties of De Paul University, Chicago Musical College, American Conservatory of Music and Northwestern University.

### Ulick Endorsed by Ela Committeemen

The candidacy of Walter W. Ulick for State's Attorney of Lake county has been endorsed by the Republican Committeemen of Ela township, according to information sent out from his campaign headquarters today.

It is reported that the action was taken at a meeting last Sunday, March 24, at a meeting at Grayslake. One hundred persons were present at the meeting which featured a speech in Ulick's behalf by Lloyd T. Ferrer, official of the Brown-Paper Bag company of Libertyville.

## Mrs. Louise Huber, Former Resident of Antioch Passes Away

Mrs. Louise Huber, former resident of Antioch and the wife of the late George Huber, passed away March 17 of a heart attack at the home of her daughter, Mrs. Lucille Sushan, at Park Ridge. Mrs. Huber was a past worthy matron of Antioch chapter Order of Eastern Star and was a past grand lecturer of the Order of Eastern Star.

Although nine persons filed as candidates for the three positions open on the Antioch Township High School Board of Education there was indication today that there would be fewer by the deadline for withdrawals tomorrow.

Walter K. Hills and Roman Vos are seeking re-election, and the other candidates are Elmer Renner, a former member, Mrs. Ruth Seyfarth, Mrs. Virginia Filiatreault, Dr. Richard A. Carlucci, John F. Romer, Carl M. Larson, and Mrs. Geraldine Olson.

Milburn C. Cain is not a candidate for re-election.

Mrs. Filiatreault told the Antioch News she intends to withdraw, but Clerk Louis A. Biel said last evening that she has not formally done so although he had heard that she planned to withdraw.

Saturday will be the starting gun for what is expected to be a hard fought battle for the three offices. It was no secret that one of the main issues will center on the recent controversy over the dismissal of teachers.

The Antioch Grade School election is quite simple. There are three candidates for three posts. They are Wendell Nelson, Norman Jedele, and Mrs. Helen Patrovsky.

Qualifications of the candidates for the high school board will be carried in a special column for the purpose in this and following issues of the News. The first of the series appears on page 16 of this issue.

## Ray Traves Tavern at Loon Lake Saved by Antioch Firemen

Quick and efficient work on the part of the Antioch firemen Tuesday evening limited the damage from a blaze at the Ray Traves tavern at Loon Lake to approximately \$200.

The fire started from a short in a neon light that circles the building and which was damaged by sleet and rain. The fire burned through the wall into the corner of the second story living room of the Traves.

The firemen were at the fire station ready for a fish dinner when the alarm sounded and within a few minutes they were at the scene of the blaze.

Using a smoke remover, the firemen cleared the room of smoke quickly so they could see where the fire was burning and in a short time put it out. The smoke exhaust equipment was obtained by the department six months ago and its use is quite advantageous where the fire is confined.

Had the flame got into the open it would soon have been fanned by the strong winds and the building could not have been saved.

The department made a run to the Nick Ryan property at Woodcrest Subdivision, Channel Lake Monday afternoon and extinguished a fire in a brush pile which caught from a slough fire set by children. The brush fire was but 30 feet from the Ryan buildings and threatened them. The Ryans were not at home, and a neighbor, keeping watch over the property, turned in the alarm.

George Borovicka and Richard Rosinski arrived home Monday from Seabring, Fla., where they witnessed the international sport car races. They said the races were exceptionally good.

## Grass Lake Dist. 36 to Vote on Addition, \$95,000 Bond Issue

### Referendum Will Be April 14, Same Day as Board Election

Grass Lake Grade School Dist. 36 will vote on a proposal to build an addition to the present building at an election set for Saturday, April 14. Voting will be from noon to 7 p. m.

The proposal is to add three classrooms and an all-purpose room and this would be done by issuing \$95,000 in bonds.

The board, of which Herbert Meyer is president and Roy W. Frasier is clerk, recently exhibited an architect's sketch of the proposed addition to residents of the school district and explained the need for additional classrooms.

The all-purpose room can be used as an assembly for the school and a place for the parents and teachers to meet.

The referendum will take place at the same time as the school board election, thereby making but one trip to the polls necessary.

A caucus will be held at 11:30 a. m. to receive nominations and voting will start at 12 noon.

Lester Hribar, member incumbent whose term expires, has agreed to run again.

## Four Area Schools to Caucus for Board Member Nominations

Caucuses must be held by several Antioch area school districts to choose candidates for the school election on April 14.

In these three-member board schools, the caucus usually is held immediately before the election hour, which is at noon. Voting then closes at 7 p. m.

The term of Wilbur Hunter, the clerk at Hickory School, Dist. 27, is affected by this year's caucus. Other members of the board are Clarence Spiering, president, and Alfred Detmering.

At Emmons school two members are to be chosen. The term of Clerk Eugene Geiger expires as does that of Robert Duha who was appointed to take the place of William Hansen. Hansen's term would have expired in 1957. Maynard Schneider, president, is the third member. Geiger will permit his name to be entered again for the post and so will Duha.

Channel Lake School (Dist. 35) will vote for one office, the term of Edwin T. Hucker having expired. His name will be placed in nomination again at the caucus. Other members of the board are Vern Heath, president, and Elmer E. Eberman, clerk.

Lester Hribar is expected to be nominated again for membership on the Grass Lake School (Dist. 36) Board. Herbert Meyer is president of the board and Roy W. Frasier is clerk.

## A. T. H. S. Musicians Win Six First Places At Woodstock Contest

Antioch High School students won six first place ratings at the solo and ensemble contest in music at Woodstock Saturday which will entitle them to compete in the state finals.

The winners were Lenore McCord, french horn, and Robert Cain, baritone horn, whose accompanist was Mrs. Margaret Aschenbrenner, and Jay Cribb, cornetist, accompanied by Lenore McCord.

Ensemble groups placing first were a french horn quartet comprising Lenore McCord, Nancy Wetterburg, Sonya Pickus, and Sally January; a clarinet quartet comprising Lynn Bolton, John Kelly, Cella Hojem, and Barbara Domek; and a trumpet trio, Barbara Doollite, Brian Cain, and Ronald Mack, accompanied by Lynn Bolton.

The two senior soloists, Lenore McCord and Robert Cain were featured in the high school band concert Saturday evening in the school auditorium. The concert drew the largest crowd in recent years. Louis Chenette was the director and he had as his guest director, John Hodge of Grant High school.

The concert with its variety program and outstanding presentation gave the audience excellent entertainment.

### Youth

(By Samuel M. Lindsay)

Youth is a state of mind when we stand at the eastern window of life and not in the darkness; when we believe that tomorrow will be better than yesterday; that there is a cure for every disease; a way out of all difficulties and a solution for all problems.

Youth is a state of mind in which we idealize others, expect the best from others and express the best to others. It is the time when the soul controls the body and when we live on the top story of the house of life.

Youth is a state of mind in which we think of life in terms of harmony and peace; when we think of the things which unite us with our neighbors, not of the things which separate us from our neighbors.

Youth is a state of mind which reflects a healthy soul. The heart has not become a vinegar bottle. We are not cynical about life and people. We do not exhaust our energies finding fault. We neither whine, nag or fuss. We are never found echoing the criticisms of little people who find fault with little things and whose genius is in making mountains out of molehills.

Youth is a state of mind in which the imagination seeks to improve upon reality. It visualizes a better world, and responds to the challenge of the ideal. Youth refuses to accept stones for bread, ignorance for knowledge, personal prejudice for moral principles, and mental bile for religion. We may spend an hour in a miff-tree, but never for a moment would we consider building our nests there. Our nerves are not exposed and we are not super-sensitive. We do not weep for ourselves, but we know how to laugh with others.

Youth is a state of mind in which we believe that graft will be destroyed by honesty, inefficiency by understanding, intolerance by knowledge, defeat by faith and hatred by love. It is the period of life when we are great believers, not great doubters.

Youth is not a matter of years, bright eyes, strenuous play and gay adventure. It is a healthy mental state in which one faces facts courageously and looks at the bright side continually. It sees the flowers and not the weeds in the garden of life, and thinks more about those things which are beautiful than of those things which are ugly. It has the spirit of conquest which triumphs over difficulties, traditions and habits.

Youth is a state of mind which flourishes in spite of white hair, wrinkles and stiff joints. It does not die at nineteen, but can live to be ninety. It can circulate in the mind as long as blood circulates in the veins. It is kept alive by faith, hope and love. When these three lights go out youth dies. But there is only one person who can put these lights out in your life, and that person is you.

Youth is a state of mind illuminated by faith, hope and love.

### Films for the Farmer

The welfare of many a business enterprise largely depends upon the welfare of agriculture. Some business enterprises have recognized this and are acting accordingly.

The Union Pacific Railroad is a good example. Back in 1943 it started an agricultural motion picture program. Twelve films have been released and up to 100 prints of each are in use. They are loaned to farm, civic, church and other organizations without charge, and so far have reached more than 7,000,000 people. They deal in an instructional manner with matters of specific interest to the farmer—wheat smut control, cattle production, saving little pigs, culling chickens, and so on.

In the long run, the solution to the big farm problems will come from improved farm techniques and attitudes. A program such as the UP's is of great value.

\* \* \*

### Free Nations Are Like Gardens

A well-kept garden is beautiful and may appear free of pestilence. But every gardener knows the garden's beauty will soon decay and fall into ruin without constant care and protection from weeds, rodents, insects, fungi and its other enemies.

A free nation is like that garden. It must be everlastingly guarded against enemies within as well as without who would gradually eat our freedoms away, until the stage is set for the final destruction of representative government dedicated to maximum liberty and opportunity for all.

**Scores Again**

DE KALB, ILLINOIS — Jerry Spears, Northern Illinois State College ace percussionist, has written another hit song — "Palm Springs Special." Recorded by his Rhythm Aces, the tune appears to be well on its way to top hitland rating.

Because of the wide publicity on their previous record, "Ease That Squeeze" a traffic congestion novelty, the boys were flown to the fabulous El Mirador at Palm Springs, California to rub elbows with stars of screen, stage and television.

Their experience at the desert resort inspired the boys to write the new hit. Although many well known song writers inhabit Palm Springs, it took this collegiate band leader to come up with the first tune on this internationally known resort.

The Van Patten family Saturday afternoon.

**To the voters of Grass Lake School District No. 36**

WE REGRET TO ADVISE YOU THAT IT HAS COME TO OUR ATTENTION THAT STORIES ARE BEING CIRCULATED IN THE DISTRICT THAT THIS BOARD OF DIRECTORS ARE PLANNING TO BUILD ONLY A TWO ROOM ADDITION TO THE PRESENT SCHOOLHOUSE AT AN EXCESSIVE COST OF OVER \$100,000 WHEN ACTUALLY THE PLANS AS SUBMITTED ARE FOR THREE CLASSROOMS AND AN ALL-PURPOSE ROOM AT A VERY FAIR COST OF LESS THAN \$100,000.

THE NECESSITY FOR THIS EXPANSION IMMEDIATELY SHOULD BE RECOGNIZABLE BY ALL CONCERNED AS WE BELIEVE IT IS SO RECOGNIZED.

AT TWO PUBLIC MEETINGS HELD DURING THE PAST TWO MONTHS THE ENTIRE PROGRAM WAS DISCUSSED IN FULL AND WAS ENTHUSIASTICALLY RECEIVED BY THE GREAT NUMBERS IN ATTENDANCE. IT IS OUR BEST JUDGMENT AS THE BOARD OF DIRECTORS OF THIS SCHOOL THAT THIS PROGRAM SHOULD NOT BE DEFERRED.

IT IS OUR SINCERE HOPE THAT EACH OF YOU WILL SUPPORT THE PROPOSITION ON SATURDAY, APRIL 14, 1956, WHEN IT WILL BE SUBMITTED TO THE VOTERS.

SINCERELY YOURS

The Board of Directors  
of the Grass Lake School  
District No. 36,

**The speed of the modern ELECTRIC ranges!****today—nothing cooks faster!**

Perfect roasts every time!  
That's the kind of results you can expect with G.E.'s new electric meat thermometer.

Hot coffee in 1 minute! With today's speedy electric ranges, you can make a cup of instant coffee in one minute. Shown here is a new G.E.

In recent years, electric ranges have undergone some very remarkable changes.

From the great electrical research centers have come new high-speed surface units that transform electricity into cooking heat in seconds.

But today's electric ranges also keep your kitchen an average of 10 degrees cooler. (And about twice as clean!)

To this add the "new idea" features of modern electric ranges . . . automatic timers, rotisseries, deep-well cookers. See them at your dealer's soon. Learn how little it takes to own a new electric range.

**BIG SAVING—We Pay Part of Your Range Installation Cost!**

Need new wiring to install your electric range? We share the cost with qualified home owners in 1, 2 and 3-family dwellings. This can cut your expense by about half. And you get more than a money saving! This new wiring helps improve your TV picture, brightens lights, makes everything work better. You can also install a 240-volt electric dryer, water heater or air conditioner quickly and cheaply.

# SOCIETY EVENTS

## Donna Mae Jerde Becomes Bride of Donald Marcussen

Miss Donna Mae Jerde, daughter of Mr. and Mrs. Alfred Jerde, Channel Lake, was united in marriage to Donald Eugene Marcussen, son of Mr. and Mrs. Louis Gandt, Sr., of Wilmet, Wis., at 7 o'clock Saturday evening, March 24, in Peace Lutheran church, Wilmet, in a candle-light service, Rev. R. P. Otto officiating. Two baskets of yellow and white snapdragons were placed by the altar.

Mrs. William Carr, Silver Lake, played the organ, with Mrs. Raymond Forster, Rock Lake, singing "Because," and "The Lord's Prayer."

The bride wore a satin dress with lace top, sequins, and pearls, double layer of net on the skirt, the top layer accented with a lace piece down the center of the back of the skirt, and long pointed lace sleeves. She wore a fingertip veil, and her bouquet was white carnations, hyacinth, with centered camellia.

The bride was given in marriage by her father, Miss Delores Jerde, sister, was maid of honor. Her gown was yellow ballerina length with lace top and ruffled skirt. She wore a yellow flowered head piece. Her bouquet was carnations and hyacinths.

Bridesmaids were Miss Audrey Case and Miss Judy Shopper. They wore mint green ballerina length gowns, with lace tops and ruffled skirts, and mint green headpieces. Their bouquets were carnations and hyacinths. Nancy Lee Keisler was flower girl. She wore white tulle ballerina formal, with net skirt and flowers on bottom, and a white headpiece.

Kenneth Marcussen was ring bearer. Raymond, Wilmet, brother of the bridegroom was best man. Harold Marcussen, brother of the bridegroom was usher and Darrel Gerber, Silver Lake, usher. A reception for 350 guests was held at the American Legion hall, Silver Lake.

The bridegroom attended Wilmet High School, and the bride attended Antioch High School. Mr. Marcussen is employed at American Motors, Kenosha. The young couple will make their home in Kenosha, Wis.

## Cooney Will Address Emmons School Group

The Emmons School Mothers' club will hold its next meeting at the school house on Tuesday evening, April 3rd at 8 p. m. It will have as guest speaker Edward Cooney, juvenile protection chairman for the Lake County Council of Parents and Teachers. Mr. Cooney was formerly with the Conservation department and is also National Membership chairman of the Izaak Walton league.

This meeting has been designated as "Fathers' Night." Mr. Cooney has some beautiful movies which he will show along with a talk which should be of special interest to the men. The public is invited.

Refreshments and a social hour will follow. Mrs. Edward Jahnke will be social chairman, assisted by two other mothers.

## ALTAR AND ROSARY SOC. TO HOLD ANNUAL LUNCHEON AND CARD PARTY, APRIL 2

The Altar and Rosary Society of St. Peter's church will hold its annual luncheon and card party at Smart's Country House on Monday, April 2 at one o'clock, for the benefit of the Sisters of St. Peter's school.

Mrs. Ruth Peters and Mrs. A. N. Stanich are co-chairmen and assisting them are Mesdames E. B. LaPlante, Walter Delaney, John Harrison, Dudley Kennedy, Harriet Pierson, R. W. Yancey, Mary Williamson, William Murphy, Richard Lynn, Leroy Frank, Peter Freund, Rudy Eckert, Charles Cermak, Jr., John Runyard, Raymond Glennon, Ralph Stollenwerk, and Lester Hamlin.

For reservations call Mrs. Ruth Peters, Antioch 15641 or Mrs. A. N. Stanich, Antioch 676.

## BAPTIST BIBLE CHURCH AT ROUND LAKE BEACH

The Easter Sunday Schedule for the Baptist Bible church at Cedar Rd. and Highland Terr. in Round Lake Beach will be as follows:

Sunrise service on the lake front across from the L. B. Harris office at 6:30 a. m., sponsored by the Baptist Bible church, Lake Region Bible church, Fox Lake Baptist church and Indian Hill Bible church. The combined choirs of these churches will sing. The ladies of this church will serve breakfast to all those who attend in the basement of the church. If the weather does not permit the outdoor service it will be held at this church.

The Rev. Paul Pegors, missionary to Pakistan will be the speaker at the Sunday evening service. There will be no junior youth night Friday owing to Good Friday.

Beginning April 18, the Sunday evening services will start at 7 p. m. instead of 7:30 p. m. so that families with small children can get home earlier.

Mr. and Mrs. C. F. Harden returned home recently after a two week vacation in Florida. On their return they visited Mr. and Mrs. Charles Rigby and little daughter, Susan, at Champaign.

## Girl Scouts to Receive Recognition at Exhibit

Pictured above are some of the Girl Scouts from the Antioch area who will receive special recognition at the Lakeside Girl Scout Council exhibit for five years or more membership. They are, left to right, front row, Patricia Jesse, Annabelle Hribar, Nancy Nemecek; back row, Patricia Byrne, Gail Frasier, and Judy Maleck. Other scouts from Antioch include Karen Kersien, Margie Lehmann, and Emily Reichenbach. Also to be honored are Pennie Storch, Lake Villa; Mary Kay Brown, Cathy Kostelny, Mary Von Stoesser, Charlene Garrett, Normandy Durling, and Sharon Berliner of Venetian Village. The exhibit will be at the Round Lake Grade School 3:30 to 10 p. m., April 7.

## Social Security Rep. Will Address Legion

At the Antioch Legion Post meeting at 8 p. m. Thursday, April 5, E. A. Kris of the Department of Health, Education and Welfare, Social Security Administration, will address the post and discuss some of the amendments that went into effect since 1954. The meeting will be open for Legion members, their women folks, Auxiliary members and their men folks.

## W. S. C. S. TO MEET NEXT WEDNESDAY

A regular meeting of the Women's Christian Service of the Methodist church will be held Wednesday, April 4 at 1 p. m. at Wesley hall. Mrs. D. H. Noddin will lead the devotions. Mrs. George Good will speak on "Christian Discipleship Today." Mrs. Clara Westlake and her committee will serve a dessert luncheon. All are welcome.

## ALTAR AND ROSARY SOCIETY TO HEAR TALK ON INTERIOR DECORATING

Mrs. Betty Meyers of Art's Paint Store, well known narrator on interior decoration will be guest speaker for the April 4th monthly meeting of the Altar and Rosary Society of Prince of Peace church of Lake Villa, at the Village hall at 8 p. m. Mrs. Jack Seisser is general chairman of the refreshment committee.

## Miss Anderson to Become Bride of E. Bawden, Sat.

Mr. and Mrs. Burt Anderson announce the forthcoming marriage of their daughter Kay Frances to Mr. Edward Bawden, formerly of London, England, now of Mundelein.

The wedding will take place Saturday, March 31, at 4 p. m. at the

Antioch, Methodist church. Miss Carol Chinn of Antioch and Bill Smith of Libertyville will attend the couple.

Mr. and Mrs. William Gerber and family attended confirmation services for their niece, Miss Grace Nass at the Lutheran church at Watertown, Wis. They were guests for the week end of Mrs. Rose Nass where a Gerber and Nass family reunion was held.

Mrs. B. R. Burke and Mrs. H. E. Shepard spent Tuesday in Chicago. Mrs. Donald Gaston and children Judy and Ralph of Ottawa are spending the week with their aunt, Mrs. H. B. Gaston.

Mr. and Mrs. J. W. Woods of Lake Marie returned home last week after a vacation in Miami, Florida. They also visited Mr. and Mrs. Arthur Rosenfeldt at their new home at Sarasota.

Mr. and Mrs. Joseph Rhymer of Loon Lake spent the week end with their daughter, Mrs. C. W. Wilkoff and family of Urbana.

## Standard Oil Company Representative Will Address Lions Club

A "magic Barrel" of entertainment will be rolled out for Antioch Lions Club at its meeting April 9, at Smart's Country House it was announced by Edwin L. Zerr, program chairman.

Zerr said that Leonard Szok of Standard Oil Company will present the popular "Magic Barrel" show created by E. I. du Pont de Nemours and Company, and will demonstrate how the petroleum and chemical industries have made

L. J. Szok

available from a barrel of crude oil thousands of products to enrich the daily lives of Americans.

Szok attended Carl Schurz High school in Chicago and Northwestern University. He began his business career with Standard Oil in 1947 as a cost accounting clerk. Since that time he has held various positions in the sales department and is presently a salesman in the consumer department. During World War II, he served with the United States Navy for more than two years.

## Northwestern Prof. To Address Methodist Men on Lasting Humor

James K. Robinson, assistant professor of English at Northwestern University, will speak on "Immortal Chortles, British and American Laughs that have lasted" when he speaks before the Methodist Men's Club meeting at 6:45 p. m. Monday, April 2.

The talk consists of a sampling of stories and sayings that have crinkled faces and rippled stomach muscles in America and England over the centuries, according to his billing.

Prof. Robinson was an officer in the U. S. Navy during World War II and while stationed in England, he had a chance to study English humor first hand.

Mrs. Clara Westlake and her circle from the Woman's Society will serve dinner preceding the program.

## MRS. SPIERING ANNOUNCES FEDERATED CLUB PROGRAM

Mrs. Clarence Spiering, president of the Antioch Woman's club, has asked those who plan to attend the Lake County Federation meeting at Highland Park to notify her.

She lists the program as follows at the Highland Park Woman's club at Sheridan rd. and Elm: Collectors Group at 10:30 a. m. with a lecture on "Ironstone China and Table Setting" by Mrs. Charles G. Mason.

Luncheon will be served at 12 noon with reservations to be made by Friday, March 30 with Mrs. W. P. Allen, 1750 S. Sunnyside, Highland Park. Her telephone number is Highland Park 2486-9. Luncheon will be followed by a Lake County Federation board meeting.

A fine arts program will be held at 12:45 p. m. with Mrs. Lillian Brodahl Smith, humorist.

At 2 p. m. meeting and program will feature Gerald William Van Loon presenting "Sparkling Comments on TV, the Theater Stars and Current Broadway Plays."

Tea will be served at the conclusion of the day's events.

## B. J. Hooper Retires From Lake Villa Board With 35 Yrs. Service

Not a candidate for re-election on the Lake Villa Consolidated Grade school board of education this year, is Bert J. Hooper, Lake Villa druggist, who has completed 35 years of service. All but one year of that time was served as its president.

While Mr. Hooper has not set a record for length of term, he has approached it. During his three and a half decades of service President Hooper has seen the school grow from a few rooms to its present large building with several hundred pupils.

There have been three consolidations in Mr. Hooper's time. First Monaville joined Dist. 41; next Sand Lake, and then Cedar Lake. Likewise there have been three referendums in which bond issues were voted for additions to the original building at Grand Ave. and Rte. 21.

Mr. Hooper and the board gained a reputation for getting good construction at a very low cost to the taxpayers.

Robert Randall of Lindenhurst is a candidate to replace Mr. Hooper on the board. Harry Pavel of Lake Villa, and Ernst Nielsen of Venetian Village are seeking re-election.

## Smart's Country House Place Seventh in Ill. Women's Tournament

Smart's Country House women's bowling team finished in seventh place among 872 teams at the state women's tournament at Decatur, Ill., in January, the tabulated reports just received reveal.

It was the third year the team has finished in the upper 10, each time edging nearer first place.

Two years ago they were ninth, and last year, eighth.

Let by Mary Jane Nelson with the top actual score of 573, and a 627 handicap score, the five-woman team bowled a total of 2,536 scratch and 2,893 handicap.

Algauer's restaurant of Chicago won first with the actual tumbling of 2,799 pins, while Lucky Shoes of Evanston was highest in the handicap with 2,981. The Antioch women weren't far behind.

The scores of the team were:

Players	Scratch cap	Handicap
Mary Jane Nelson	573	627
Lucille Rogers	457	550
Marge Fincutter	509	572
Dorothy Ferris	519	618
Hilda Segelke	478	528
Total	2,536	2,893

The team bowls each Friday night with the Pinspotters League.

## Mrs. Murphy Aids Sale of G.O.P. Brunch Tickets

Mrs. W. J. Murphy of Petite Lake is heading the ticket sales in the Antioch area for the fourth annual Easter Monday brunch of the Women's Republican club of the 13th Congressional district.

The brunch will be at 11:30 a. m. Monday in the Edgewater Beach hotel's Polynesian room. Rep. Marguerite Stitt Church will be the chief speaker. She is expected to discuss pending legislation in congress and to give details of her recent world tour.

## Resort Owners to Meet

A meeting of resort owner has been called for 8 p. m. Friday, April 6 in the Fox Lake village hall at which time there will be a discussion on the rental of boats and safety equipment. A discussion also will take place on the problem of slowing down on some of the speed boats. The notice was issued by Margaret A. Tuck who says that information on the meeting can be obtained by calling Justice 7-0305.

## No Alert Signal Sunday

There will be no Civil Defense alert blast of the Antioch Siren Sunday because of Easter. The siren is used in signaling a test alert for danger the first Sunday of each month, but because of the Holy day, Civil Defense Director John Horan said the alert would be omitted.

## Band Parents Board Meets

The executive board of directors of the Band Parents Assn. met last night and planned the bake sale Saturday and the pancake supper on April 7. The money making events are to help pay for the uniforms for the Antioch Grade School band.

## Mrs. Louis Koppen Died Wednesday at Waukegan Hospital

Mrs. Louis Koppen, 53, 1025 Spafford street, died Wednesday, March 28, at St. Theresa hospital, Waukegan, following five months of illness.

She has been a resident of Lake Villa and Antioch for more than forty years, living in Lake Villa until 1929, when the family moved to Wauconda and came to Antioch in 1939.

She was well-known to residents having been assistant chief operator in Antioch, and an employee of the Illinois Bell Telephone company for 33 years. She was a member of the Quarter Century Club of the telephone company.

Survivors are her husband, Louis W. Koppen, Sr.; two sons, Louis, Jr., of Chicago, and Jaque R. of Antioch. Three brothers survive, Fred and Russell of Chicago, and Albert Boehm, Lake Villa, as well as three sisters, Mrs. Mae Spiegel, Chicago; Mrs. Florence Walker, Lake Villa; and Mrs. Beatrice Bodden, Lake Geneva. Her mother, Mrs. Augot Boehm, resides in Chicago, and she also leaves three grandchildren.

The Rev. Edmond Hood, St. Ignatius' church, Antioch, will officiate at funeral services held at 3:30 p. m., Friday, March 30, at the Strang Funeral home. Interment will be in Angola cemetery, Lake Villa.

Friends may call at the funeral home after 2 p. m. today (Thursday).

## Reuben Turnock, 72, Dies of Heart Attack

Reuben Turnock, 72, Salem, Wisconsin, died at 5:30 a. m. Sunday at his home on Rte. 83 near Liberty Corners, following a brief illness. He was born March 1, 1883 in Salem township.

Survivors are his wife, Eva, two daughters, Anna May Ponzel of Salem and Ruth Liddle of Antioch, a son, John of Salem, and three grandchildren.

Private services were held at 2 o'clock Tuesday at the residence. Interment was in Liberty Corners cemetery.

## Mrs. Nellie Olsen, 73, Is Buried in Chicago

Mrs. Nellie Olsen, 73, of Fox River Springs subdivision, died Thursday, March 22 at 9:50 p. m. at her home, following a year's illness. She was born November 16, 1882 at Canton, Missouri. She made her home in Chicago for 17 years, moving to Antioch seven years ago.

Survivors are three daughters, Mrs. Frances M. Farland, Mrs. Carrie Peterson, Westmont, Ill., and Mrs. June Dressel of Antioch; a sister Mrs. Frances Hyland of Chicago, seven grandchildren and two great grandchildren. Her husband, Charles preceded her in death Nov. 9, 1949.

The body was taken from the Strang funeral home to 4325 Armitage Ave., Chicago where funeral services were held at 1:30 Monday. Interment was in Mt. Olive cemetery, Chicago.

## Two Weather Films of Interest to Be Tele- cast on March 31st

Two 15-minute films calculated to be of general interest will be telecast over WBKB, channel 7, Chicago, on April 7. "Flight Decision" will be of much interest to aircraft pilots, and shows a true story of two pilots. One checked the weather conditions before take-off, the other did not and met disaster.

"Tornado" shows dramatic scenes of approaching tornadoes and the damage that can result in a few minutes, and also shows measures that can be taken to reduce loss of life and property.

## Lt. Col. Powles On Duty in Florida

Air Proving Ground Command, Eglin AFB, Florida — Lieutenant Colonel L. D. Powles of 957 Victoria st., Antioch, Illinois, is currently undergoing a two week period of active reserve duty with the Air Proving Ground Command at Eglin Air Force Base, Florida.

Colonel Powles, who is an accountant in Antioch, Illinois, began his two week tour of active reserve duty with the United States Air force at Eglin on March 10th. His tour will terminate on March 29.

Colonel Powles is attached to the office of the Deputy Chief of Staff, Material, at the Air Proving Ground Command at Eglin, where he is serving as Supply Staff Officer.

Col. Powles has served through three major wars. . . World War I, World War II when he was attached to the Air Material Command at Wright Field, Ohio and the Command Quartermaster of the Air Proving Ground Command; and the Korean War when he served with the Command Quartermaster in Japan and Korea for two and one-half years.

Colonel Powles is attached to the 9851st Air Reserve Squadron in Antioch, Illinois.

## Here's Grade School Ballot -- 1919

### Grade School Ballot

For the election of President and Members of the Board of the Antioch Grade School, District No. 34, at Grade School building, on

Saturday, April 19, 1919, 7:00 P. M.

For President, to serve for one year  
Vote for One

☐ SOLOMAN LAPLANT

☐ JOSEPH PANOWSKI

☐ ARTIE GRICE

For two members, to serve for three years  
Vote for two

☐ JOSEPH PANOWSKI

☐ ARTIE GRICE

☐

☐

☐

The ballot reproduced above came to light in cleaning out an old parts cabinet at the Antioch News office this week. The ballot had apparently fallen out of the back of a drawer and remained there for 37 years. School election laws were different in those days, and according to the copy the polls did not open until 7 p. m., with no specific hour for closing. We were not able to find a report of the outcome of this particular election in our files, but it is believed that all three candidates were elected.

### Girl Scout News

Adult members of the Antioch Girl Scouts met last week and appointed Mrs. Belle Hribar of Indian Point as their new neighborhood chairman. Mrs. Hribar is replacing Mrs. Lucia Johnson who will soon be moving with her family to a new community.

Antioch leaders are going on a bird watch at 9:30 a. m. Monday, April 9. Leaders planning to attend will meet at the Antioch Scout House, and should bring binoculars, bird books, and boots.

The entire Antioch neighborhood will sponsor a movie "The Man Who Never Was," at the Antioch Theatre in the near future. Proceeds from the movie will be used to buy much needed Girl Scout equipment.

Grass Lake Troop No. 6 has been enjoying a field trip each month, and this month the girls are going to the Zion Cookie factory, at Zion, Illinois.

Later on they plan to attend the Conservation Camp at Spring Grove, Ill., and enjoy a cook-out then.

Intermediate troop No. 5 of Antioch is making and decorating pottery aided by Mrs. Harry Miller. They have made figurines, vases, and candy dishes. They plan to display their works at the Lakeside Girl Scout Council Exhibit on April 7.

Twice a year Brownie Troop No. 11 of Grass Lake visits the German-Hungarian Old People's Home in Lake Villa. On March 28 it plans to present Easter baskets and sing for these people.

### Antioch Schools Asked To Aid State Survey

The Antioch schools have been asked to participate in a state-wide study sponsored by the Illinois Commission on Children to determine educational services. Since Illinois has no required school census the study is necessary to indicate those children who have never attended school, those who have dropped out because of physical or mental handicaps, and those whose behavior has made them unacceptable to the school.

Each school district in the state will report to the county superintendent all children not receiving educational services. Children in institutions, private and parochial schools, and those served by a home teacher will not be reported. In carrying out the study, local schools may enlist the cooperation of the PTA, physicians, public health nurses, probation officers, and others who serve children.

The report is to cover the 1955-56 school year through March 31. Materials for the study have been supplied by the county superintendent of schools and will be returned to his office by April 14. Representatives of the Office of the Superintendent of Public Instruction, the Illinois Education Association, and the Illinois Congress of Parents and Teachers served as consultants in planning the project. Costs are being underwritten by private foundation funds.

The Illinois Commission on Chil-

dren grew out of the 1950 White House Conference on Children and Youth. One of its main purposes is to help coordinate services for children. It members are appointed by the Governor and serve without pay. Miss Naomi Hiett is the Executive Secretary of the Commission which has its offices in the Ferguson Building in Springfield.

### Organic Matter Called Important for Fruit, and Vegetable Gardens

The importance of organic matter in successful home gardens and fruit orchards was emphasized at the fruit and vegetable meeting held at the Farm Bureau office last week, according to Ray T. Nicholas, farm adviser, who sponsored the meeting.

Norman Oebker, Extension Vegetable specialist, and Frank Owen, Extension Fruit specialist, both stressed the need for adequate supplies of organic materials in the soil for producing high yields of quality fruits and vegetables. Organic matter can be supplied by the use of barnyard manure, or in its absence, green manure crops such as rye, rye grass, or oats fall seeded at the rate of 3 pounds, ½ pound, and 1½ pounds respectively per 1000 square feet. These green manure crops will add organic matter when plowed under the following spring.

The specialists also emphasized the need for adequate plant food in the soil, and recommends that a soil test be made to determine the fertilizer requirements. Instructions for collecting and submitting soil samples were given at the meeting. Printed instructions can be obtained by writing the Farm adviser at Grayslake.

In the absence of a soil test, and where no previous fertilizing has been made, the specialists recommended an application of 40 pounds of 3-12-12 per 1000 square feet for vegetable gardens, strawberry beds, and bramble plantings.

**Suggest Fertilizer Use**  
Specialist, Norman Oebker, suggested the use of starter solutions for vegetable transplants. For this purpose a 10-52-17 fertilizer such as Take Hold or Bonro dissolved in water at the rate of one ounce per gallon and a cupful of the solution

around the plant was recommended. Fruit Specialist, Frank Owen, covered the subject of dwarf fruit. The advantage of early productivity, ease of pruning, spraying, and harvesting, and less space requirement were noted. The following dwarf stocks of the different fruits were recommended: Apples, Malling No. IX for dwarf, and Malling No. II or VII for semi-dwarf; pear and plum, Tomatos; Pear, Anders Quince; Dwarf Cherry varieties, Dwarfrich and North Star.

At the close of the meeting Farm Adviser Nicholas pointed out several publications and leaflets available at his office in Grayslake on fruit and vegetable growing. The following publications, which were recommended, may be obtained free by writing to Ray T. Nicholas, Lake County Farm Adviser, P. O. Box 177, Grayslake, Illinois:

Growing Fruit for Home Use; Bramble Fruits, Strawberry Culture, Combination All-purpose Spray Schedule for the Home Fruit Garden; The Garden Compost Pile, Sampling the Soil of the Home Garden, Dwarf Fruits; Seed Germination Made Easy; Illinois Garden Guide.

**Hunter's Herd Tests High**  
Robert L. Hunter of rural Antioch has a 46-animal herd of Holstein cows that recently produced 11,972 pounds of milk, or 19 quarts daily per cow, and an average yield of 447 pounds of butterfat. The test over a range of many months was made by the University of Illinois.

**Discontinue S. S. Visits**  
The Waukegan Social Security District Office announced that regular visits to Antioch will be discontinued. Beginning April 1, 1956 all inquiries from the Antioch area should visit or write direct to the Social Security Office Postoffice Building, Waukegan.

## AUCTION

The undersigned will offer the following personal property for sale at public auction on the farm located 2 miles northwest of Waukegan, Ill., 2 miles northeast of Grayslake, ¼ mile east of Route 131, ½ mile north of Grand Avenue on McAree Road, on

## New Clover Awards for Four-H Leaders

Starting this year 4-H Club leaders completing one to four years of service will be awarded bronze clover pins for the first, second, third and fourth years of service, according to Ray T. Nicholas, Lake County Farm Adviser. The clover pin awards are a means of recognizing 4-H club leaders for varying years of service. The pin is in the shape of a four leaf clover, hence the name, clover pin award.

Previous to this year, and since 1944, the clover award consisted of the Silver Clover for 5 years service; the Gold Clover for 10 years service; the Pearl Clover for 15 years service; the Diamond Clover for 20 years service, and the Emerald Clover for 25 years service. This year for the first time, leaders with 30 and 35 years service will be presented clover pins for their long-time service. A 30-year Ruby Clover and a 35-Year Sapphire Clover is available this year.

Since the Clover Pin Award was put into effect, several Agricultural leaders have received this leadership award. Current leaders awarded the clover pins are as follows:

Robert Bainbridge, Lake Zurich club, silver clover; George Connell, North Prairie club, silver and gold clovers; Mrs. George Connell, silver clover; W. R. Laechelt, Ivanhoe club, silver and gold clovers; Mrs. Leona North, Prairie View Field Mice, silver clover; Earl Pagelow, Vernon Jr. Farmers, silver clover; and Leonard Schmitt, We Willing Workers, silver clover.

Former leaders earning the clover award are Clarence Snettinger, Lake Zurich club, pearl clover and diamond clover; Richard Warfield, Lake Zurich club, silver clover; Marvin Wirtz, Wauconda-Volo club, silver clover; David Covert, Hawthorn Progressors club, silver clover; Jesse Allen, Lake Zurich club, silver clover.

The above is by no means a complete list of club leaders giving many years of service to Lake county youth. It includes only those leaders who served after the clover award was put into effect in 1944. There were many leaders with long years of service previous to that time, including C. L. Kutil (now deceased), Edwin Logan, Lloyd Atwell, W. D. Buddemeier, Gilbert Clem, James Davis, E. E. Elsbury, and Bert Edwards.

Hernquist on Honor Roll  
Principal Dittman of the high school has received word from Lake Forest College that Robert Hern-

quist was placed on the school's honor roll last semester. This means that he had a 2.5 or higher average. Straight A is 3.0 points.

## Millburn

Mrs. Corena Edwards, Correspondent  
Phone Eliot 6-3323

Easter services at Millburn Congregational church April 1, include three services: the early service at 5:30 a. m. and breakfast at 6 o'clock a. m.; the second service at 9:30, and the last service at 11 a. m. There will be no Sunday school on Easter Sunday.

Maundy Thursday services will be held at 7:30 p. m.; also communion service and reception of members will be held. Plan to attend this important service.

Please have your reservation for the 6 o'clock Easter breakfast in by Saturday morning.

Nineteen ladies attended the Study Group held at the home of Mrs. Herbert Messner last Thursday morning. The next meeting will be Thursday morning, April 12 at the home of Mrs. John Bloom of Druce Lake.

The Past Matrons club of Millburn Chapter O. E. S. is sponsoring a Holbrook supper at the Masonic Temple Thursday, April 5, at 6:30 p. m.

Mr. and Mrs. Myron Moore and family of Spooner, Wis., were weekend guests at the Herbert Graham home.

Mr. and Mrs. Roy Bonner and children were dinner guests of Mr. and Mrs. Edwin Benson at Ingleside Friday evening.

A. B. McDonald returned home Wednesday after being a surgical patient at Condell Memorial hospital, Libertyville.

Mr. and Mrs. John Edwards and family of Libertyville and Mrs. Eva Alling of Waukegan were dinner guests at the Frank Edwards home Sunday in honor of Mrs. Kaluf's birthday.

Mr. and Mrs. Arthur Hauser and family of Kenosha, Wis., spent Sunday afternoon at the Frank Hauser home.

Mrs. Addie Lucas of Wadsworth is spending a few days at the Charles Lucas home.

April showers bring added hazards as well as May flowers. Rain hampers visibility and makes it more difficult to stop a car, so it's important for children to be extra alert on rainy days. A safety poster, pointing out this safety rule, is being distributed by the Chicago Motor Club to more than 44,000 elementary school classrooms in Illinois and Indiana.

Mr. and Mrs. Chris DeYoung left last Thursday for a two weeks' vacation at Hollywood, Florida.

Mr. and Mrs. Harley Clark and son, John, spent Sunday evening at the James Bonner home in Kansasville, Wis.

Mrs. Vernon Stahnke and daughters of near Arlington Heights spent Friday with her parents, Mr. and Mrs. L. S. Bonner. Mr. Stahnke is a teacher at the Arlington Heights High school.

Dr. and Mrs. William Bauman of Barrington, Mr. and Mrs. Kenneth Denman and sons, Mr. and Mrs. Milton Bauman and daughters, Mr. and Mrs. Howard Bonner and family and Mrs. Beatrice Anderson were Sunday dinner guests at the Eric Anderson home in honor of their daughter, Rebecca's birthday.

Mrs. Charles Lucas and Mrs. Addie Lucas were luncheon guests of Mr. and Mrs. Robert Nelson at Round Lake, Monday afternoon.

## Out of the way, oats— I'm raring to Grow!

A GOOD "CATCH" of legumes and grass in a nurse grain crop isn't always easy to come by. A good way to help a new seeding to get a strong start is to feed your grain crop plenty of ARCADIAN® 12-12-12. Top-dress your winter grain and use plenty of concentrated, balanced ARCADIAN 12-12-12 in the drill when you plant your spring grain. This way you supply enough nitrogen, phosphorus and potash for both crops. Far too many seedlings are starved out instead of just being shaded out. ARCADIAN 12-12-12 provides a full meal of plant food to make a full seedling. Get ARCADIAN 12-12-12 now to get thicker, stronger stands of hay and pasture crops.

See Your **ARCADIAN 12-12-12** Dealer

# LET'S COMPARE! COMPARISON PROVES!

## Among the Candidates for the State Legislature—

1. Candidate A tells of 2 years experience in public office. Candidate B tells of 4 years in a public office. Candidate C has 7 years in a major elective office.
2. Candidate A tells of 2 partial years of night school. Candidate B states that he is a high school graduate. Candidate C has seven years of college and university training in the field of government.
3. Candidate A mentions briefly being in the war. Candidate B tells of 4 years wartime infantry service. Candidate C has 5 years wartime service, and 18 years in the infantry reserves besides.
4. Candidate A has lived in Lake County for many years. Candidate B was born in Lake County. Candidate C's people were born in Lake County for five generations back. C is descended from the original settlers who took Lake County away from the Indians.

Who is candidate C? It is **Robert Coulson**, the third name on the ballot; for seven years Mayor of Waukegan, graduate of Dartmouth College and the University of Chicago.

### What are candidate C's handicaps and shortcomings?

1. He keeps mentioning his education and war record. It sounds like boasting.  
(But every voter's handbook lists Experience, Education, War Service and Residence as the four qualifications for every candidate to submit. These are the ABC's of running for office.  
Personally, I do not like to run on qualifications; I would rather campaign on issues. (But I can't get my rivals to discuss issues.)
2. C is a city slicker, while the banker and the tax collector are the true friends of the people.  
(You wouldn't believe this if you knew what a struggle my friends had to get me to wear white shirts for this campaign.)
3. C already has a job.  
(But this is not musical chairs. This is a matter of selecting two men who will represent 200,000 people, and vote on the expenditure of a billion dollars.)

How serious are these disadvantages? That is for you to decide.

That is why we have elections; to let you decide what kind of politicians you want.

Flash bulletin from Mobilgas Economy Run

# FORD WINS IN ECONOMY TOO!

## V-8 WINS CLASS A

In this year's Economy Run a new Ford V-8, with Fordomatic was the official victor over every car in its field, with a winning average of 47.7643 ton-miles per gallon. This means that the sturdier, heavier Ford carried more weight, with greater gas economy per pound, than any car in its field.

This latest Ford victory was scored over a rough and rigorous 1,468.8-mile route running from Los Angeles to Colorado Springs. The winning Ford threaded its way over the tough and twisting course averaging better than 40 mph. Through the heat of Death Valley and over the chilling height of an 11,000-foot mountain peak... through

the gas-eating stop-and-go of city traffic and over the straight-line open road... Ford proved anew its traditional reputation for economical performance.

The winning Ford was a regular-production model taken right from the assembly line and officially impounded until the starter's gun sounded. It was no different than thousands of '56 Fords you see on the road and in dealers' showrooms. This proves that Ford, the Performance, Style and Safety leader, leads in Economy, too! That adds up to four big reasons why the '56 Ford is worth more when you buy it, while you drive it, and when you sell it, too!

The "ton-mile" formula is used by contest officials to insure equal chance for all cars in each class regardless of size or weight. Ton-miles per gallon equals the car weight (including passengers) in tons, multiplied by the number of miles traveled, divided by number of gallons of gasoline consumed.

## Little Known Chemical Compound Highly Beneficial

WILMINGTON, Del.—A chemical compound that Mr. and Mrs. Average Citizen have never seen or felt, but has brought them a host of modern conveniences, recently celebrated its 25th year.

Well-known in refrigeration and packaging circles, but a comparatively nonentity to millions of consumers who directly benefit from its applications, the product is "Freon" refrigerant. Pioneer in a family of compounds that chemists identify by the tongue-twisting name of fluorinated hydrocarbons, it has been a major factor in building a comparatively small commercial cooling industry into a multi-billion dollar business, and has launched a whole new business in pressurized packaging.

Today, its impact on the industrial and household scene is many-pronged. Practically all home refrigerators, freezers, and air-conditioners as well as large commercial cooling systems depend upon "Freon" as the cooling agent. In the packaging industry it provides the dispensing pressure in convenient aerosol packages that permit spraying a hundred different types of products ranging from insecticides and paints to perfumes, lubricants, and such specialty items as chemicals that discourage pigeons from roosting on window sills. And in industry, "Freon" is used in the manufacture of plastics and as a cleaner and solvent.

## Critical Shortage Of College Profs

WASHINGTON—Where to obtain—and how to retain—qualified college faculties will be the greatest single problem confronting the already harassed university administrator in the next decade, according to a report by the National Education Association.

Marking a shift in past NEA focus on shortages at the elementary and secondary levels to those at the level of higher education, this report is the result of the first comprehensive study ever made on faculty supply and demand in the nation's colleges. Cooperating in the study, which was made by the NEA Research Division, were 673 degree-granting institutions.

Nearly 40 per cent (38.1) of the colleges reported vacancies that have been budgeted for but gone unfilled in the past two years because there are no qualified candidates.

## Predict Two Cars in Every American Garage

DETROIT—Ten years from now, the average American family may have two entirely different cars in its garage—a gas turbine-powered cruiser for long trips at ultra-high speed and a midget electric auto for shopping and commuting.

This possibility was introduced by University of Michigan automotive experts.

Because today's cars are too small for vacation-leisure time transportation of larger families and too large for everyday shopping and commuting, multiple-car ownership will be mandatory in the future, reported Aare K. Lahti, associate professor of design.

One car will be longer and wider than present station wagons, capable of carrying a large family with its vacation gear. It probably would be driven by a 200-horsepower gas turbine engine, a new lightweight powerplant with many advantages over today's piston engines.

## Der Feuhrer Was Ashamed of Spectacles

CHICAGO—For at least the last ten years of his life, Adolph Hitler was unable to read ordinary print without spectacles, according to the Better Vision Institute. But his monstrous egotism gave him a horror of being seen in them. "A feuhrer cannot wear glasses," he said.

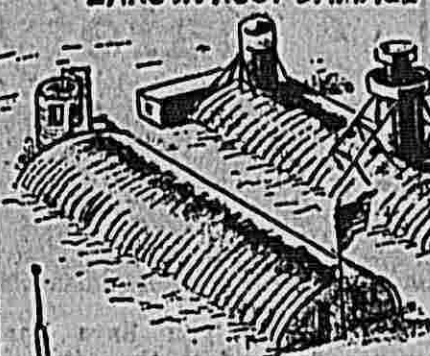

Accordingly, Hitler had a special typewriter made, with very large letters. All his speeches were typed on this, so that he could refer to them in public without visual aid. But when he got worked up, in the midst of a speech, he had the habit of pulling his glasses out of his pocket and holding them behind his back. Usually at the climax he'd instinctively clench his fist and break the glasses.

### No Bonus Booster

CONCORD, N. H.—Everyone doesn't want a bonus—at least not Robert E. Boyd, Jr., of Concord. Boyd, a highway department employee, presented the State of New Hampshire his \$100 Korean veterans' bonus check. "I favor economy in government," he said. "I don't like to see the State spending money where it's not needed."

## Wonderful World by WALDMAN

ZINC—USED AS A COATING TO PROTECT IRON AND STEEL SAVES AMERICANS BILLIONS OF DOLLARS IN RUST DAMAGE EVERY YEAR.

THE ARMY USES THESE UNUSUAL BUILDINGS AT ITS NEW BASE IN GREENLAND. THOUGH HALF BURIED IN SNOW, THE HUTS DON'T RUST OR ERODE—THEY'RE COATED WITH ZINC.

MOTORISTS ARE PROTECTED BY HIGHWAY GUARD RAILS WHICH ARE COATED WITH ZINC SO THAT RUST WON'T WEAKEN THEM.

TV TOWERS AND ELECTRIC LINE TOWERS—SOME 150 FEET HIGH—ARE ZINC-COATED TO PROTECT THEM FROM RUSTING IN RAIN, SLEET AND SNOW.

ON THE FARM, BIG USES OF ZINC-COATED STEEL BUILDINGS ARE FOR BARN, GARAGES, MACHINE SHEDS AND GRAIN BINS.

## Tips on Traffic Safety

By  
CHARLES F. CARPENTIER  
Secretary of State

Undoubtedly you have become aware of the fact that there are more bicycles on the streets and highways now than the weather has become fairer and the streets free of snow and ice. And, as spring grows older, we can expect to see more and more bicycles take to the road.

All of us derive a certain amount of pleasure from seeing the youngsters enjoy themselves and at this time of the year cycling is tops in the entertainment field for many of them. Just the same, we must be aware of the obligation these cyclists present to the motorist.

The youngster with a bike can sometimes easily forget the rules of the road which he must follow and when that time comes it is up to the motorist to assume the youngster's obligations. When approaching a bicycle from the rear be especially alert as you attempt to pass

it. Sound your horn far enough behind the cyclist so that the noise will not suddenly startle him and cause him to steer his bike out into your lane of traffic or to lose control of it and take a serious fall.

A copy of the completely new "Rules of the Road" booklet will be sent to you free upon request. Write to CHARLES F. CARPENTIER, Secretary of State, Springfield, Illinois.

## Can Women Plan? Wally Says "No!"

Wallis Warfield, American-born Duchess of Windsor, says of her life, "The only useful thing adversity has taught me is that women were never meant for plans and planning."

Writing in her autobiography published in the current issue of McCall's, the Duchess, who admits to a life that was at times "recklessly lived," also says that women can be divided into two groups—those who reason and those who do not. "While I might wish it to the contrary," the Duchess acknowledges, "the record of my life places me with the second group. This has been, if not my personal tragedy, then my continuing folly."

In this, the 20th Anniversary of her marriage to the Duke, the Duchess answers her critics in her memoirs, "This is My Side of the Story." © 1956 McCall Corp.

## Crowded Roadways May Bring About Community Redesign

UNIVERSITY PARK, Pa.—The transportation pinch—lack of space for both parked and moving automobiles—eventually may lead to the redesign of communities themselves.

So says Calvin G. Reen, professor of civil engineering at the Pennsylvania State University and consultant on road and traffic problems.

"Setbacks of stores and houses, widths of streets, radii of intersections and other comparable conditions may have to be changed to handle our ever-increasing volume of traffic," Reen says.

"Perhaps," he adds, "the most significant change will be increased provision for off-street parking to remove the car storage load from streets primarily designed for moving traffic."

Withal, the Penn State specialist sees the self-limiting nature of traffic as a "saving grace" in itself.

Even in small communities, he notes that the public will park farther and farther from its destination (whether it be the shopping center or place of employment) rather than face endless traffic jams and other inconveniences.

Traffic engineers, Reen points out, are loathe to put restrictive measures into their planning. But the best of them admit there are certain natural restrictions which they can't do anything about.

"For example," Reen explains, "no matter how much you improve highways, by eliminating curves and easing grades, the optimum speed is still 35 miles per hour as far as volume is concerned."

## New Drug May Control Epilepsy

CHICAGO—A new drug, which almost completely controlled epileptic seizures in 34 of 128 patients, eventually may help explain the physiological basis of the seizures.

The drug acetazolamide (Diamox) caused a 90 to 99 per cent reduction in seizures in 12 other patients, a 50 to 90 per cent reduction in 22, and a smaller reduction in the remaining 58, three Boston physicians reported.

Epilepsy is characterized by sudden disturbance of brain function resulting in temporary loss of consciousness. The attacks range from minor to major ones. It may have a hereditary basis or have other causes, including brain injury, a disease in another organ which acts on the brain, emotional disturbances, and alcoholism.

## California Grizzly Subject of Legend

DAVIS, Calif.—The grizzly bear, which once dominated California's wildlife, was a victim of advancing civilization. As ranches and towns multiplied, the animals' maraudings could no longer be tolerated. They became increasingly scarce, and the last California grizzly was probably seen in the early 1920's.

The grizzly left behind a mass of legend and folklore, however. A single legendary grizzly, "Old Clubfoot," was reported in many parts of the state, and was said to have been killed on several occasions. According to one tongue-in-cheek writer, the bear wearied of being killed and resurrected, and finally committed suicide with chloroform in a country doctor's office.

## In Business—It's Still a Man's World

LOS ANGELES—It's still a man's world—especially if you are one of America's estimated 3,000,000 office workers.

Dr. Samuel J. Wanous, chairman of the business education department at U.C.L.A., says discordance between men and women office workers is far and away the No. 1 morale problem he has encountered in years of counseling large business firms.

In many offices, says Dr. Wanous, the men are allowed to smoke at their desks, yet the women workers are forbidden to do so. Men also get private offices and such envied perquisites as expense-paid business trips and the right to use the office telephone for personal calls.

### Family Class

MARIETTA, Ohio—A father and son are tackling algebra together at Marietta College. The high school age son stepped ahead to get into the class while his father turned back 21 years. Pop is Gordon W. Strain of nearby Parkersburg, W. Va. His son is Joe, 17, a high school senior. Joe is preparing for a college pre-engineering schedule; his dad just wants to learn something about a subject he has never studied.

## This WEEK'S U of I MARKET BUY HAMS

An Easter Week feature. When baked slowly for best flavor you can count on ham to provide:  
3 to 4 servings a lb.  
63% lean meat.  
29% daily requirement of needed protein in each 3 ounces.

Other Market Buys  
**BEEF POT ROAST**  
Many stores spotlighting roasts this week. When braised and simmered over a low heat, pot roast provides:  
3 generous servings a pound  
84% usable meat  
74% lean meat

**TURKEY**  
Good seasonal buy in terms of dollar value and usage. Bellville & hen turkeys more plentiful marketed wise. 8 1/2 lb. bird yields 4 lbs. cooked meat, & 12 lb. bird yields 6 lbs. cooked meat. Based on market survey for March 28 to 31.

## Tips on Traffic Safety

By  
CHARLES F. CARPENTIER  
Secretary of State

Pedestrians have an important role in keeping down the highway accident rate. Just as a motorist must heed the rules of the road, so must the pedestrian.

Pedestrians must obey all traffic signals. Pedestrians crossing a street or highway in compliance with the law at a crosswalk at an intersection—whether marked or unmarked—have the right-of-way over all vehicles. However, they yield their right-of-way to all moving vehicles if they cross the street between intersections, or in the middle of the block.

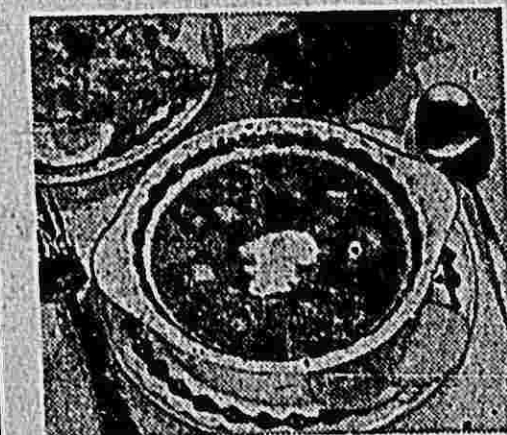

Pedestrians shall not cross the street in the direction of a pedestrian "wait" signal. There are those who believe they can safely cross the street if the light has just changed from "walk" to "wait." Apparently they will not concede that these devices are timed by experts on the subject.

And motorists should always remember one thing. The moment they step out of an automobile they are pedestrians. They should not enter or alight from an auto on the street side.

A copy of the completely new "Rules of the Road" booklet will be sent to you free upon request. Write to CHARLES F. CARPENTIER, Secretary of State, Springfield, Illinois.

## A Dozen Soups Are Meatless

EVEN Lenten meals can be tangy, tasty and tempting. Soups, "buy" the dozen, can be served anytime, ... as a solo:

In the above picture a piping hot bowl of vegetable soup is topped with sour cream and served with generous portions of tuna fish salad, tomato juice (garnished with lemon slices centered with a clove) and a hot bread. A juicy winter pear and a favorite cheese completes this meatless meal.

... as Soup-Mates:

Cream of Potato Soup with Oyster Stew ... grate a little crisp carrot over top.

Cream of Celery and Tomato Soup ... topped with a dash of celery seed.

Cream of Asparagus and Cream of Mushroom ... shave a little green pepper on top.

Green Pea Soup and New England Clam Chowder ... "sprigged" with watercress.

Black Bean Soup and Manhattan Clam Chowder ... "dribble" a circle of light cream over top.

... as a basic cooking ingredients:

Shrimp Chop

1 can (10-ounces) frozen condensed cream of shrimp soup,

1/2 cup milk

1 cup dried cooked shrimp (1/2-ounce can, drained)

1 cup unsalted cooked peas

1/4 cups crushed potato chips

Combine soup and milk; heat slowly, stirring frequently. Blend with shrimp, peas and 1 cup potato chips in a 1-quart casserole; sprinkle remaining chips on top. Bake in a moderate oven (375° F.) about 25 minutes. 4 servings

FNS

mange is present, the spray is highly beneficial because it gives complete control to cattle lice.

## Man-Hour Output Up Three Times Since War II

NEW YORK—Thanks largely to record investment and constantly improving technology, American industry today is close to a third more productive than it was at the end of World War II a decade ago, gauged by output per man-hour.

U.S. Bureau of Labor statistics indicate that production per man-hour in all manufacturing rose by around 30 per cent in the 1947-55 period. This represented an average rise of about 3 1/2 per cent a year for the period as a whole. What is particularly significant is a recent acceleration in the rate of growth. Estimates are that productivity in manufacturing rose by close to 10 per cent in 1954 and 1955 alone, with more than half this gain taking place last year.

Here is a development of far-reaching importance for the future progress of the economy and the continued rise in the people's income and living standards. Over the long view, much of the increase in goods and services produced in the economy has been due to the rise in productivity rather than to the increase in number of man-hours worked. Furthermore, the need for steadily rising output per man-hour is accentuated by the fact that the number of dependents in the population—children, teen-agers and those 65 and over—has been rising faster proportionately than those of working ages, and will continue to do so for the years to come.

## Coal Industry Said Far From Dying

UNIVERSITY PARK, Pa. — The coal industry is not dead nor is it dying.

Dr. H. Beecher Charnbury, professor and head of the department of mineral preparation at the Pennsylvania State University, says that, on the contrary, the coal industry is looking forward to increasing growth in future years to meet the demands of our increasing population.

"The coal industry in this country has averaged about 500 million tons each year since 1920," Dr. Charnbury said, "and expects to produce about 700 million tons by 1965 and one billion tons by 1975."

He said that the false impression people have of a dying coal industry has resulted from bad impressions people received in recent years because of strikes, railroad car shortages, and distressed areas and because of the more glamorous attention received by atomic and solar energy.

Outlining the processing methods used in the coal industry, Dr. Charnbury said that at present only 5 per cent of the total coal produced is sent to industrial markets and 95 per cent is subjected to preparation, including crushing, sizing, and mechanical cleaning.

## Eye Discomfort Chief Cause of Headaches

CHICAGO—Although headaches can come from a number of different causes, they are very frequently associated with eye discomfort and a statistical review shows close relationship of exacting eye work to headaches.

Headaches occur most often up to the age of 20, then decrease slowly until at 60 or more only 25 per cent of the people are subject to them. They bother college students most, and to a lesser degree executives, professional men, housewives, and clerical workers. Manual workers experience them comparatively little, and agriculturists least of all.

Nearsightedness, farsightedness, and astigmatism—particularly in its milder forms—are to blame for many headaches. Crossed eyes and other forms of muscular imbalance also rank among the leading causes. Other offenders are such eye diseases as conjunctivitis and acute glaucoma.

## Winter Deaths From Fire, Burns Heavy

NEW YORK—Accidental loss of life from fires and burns by other means is nearly three times as high and that from poisonous gas five times as high in the winter as in summer, according to a study by statisticians of Metropolitan Life Insurance Company.

Both classes of fatalities are associated largely with the increased use of heating facilities.

Many poisonous gas fatalities result from improperly installed or defective heaters. An appreciable number are due to running an automobile motor in a closed garage or in a parked car.

## Busy Bees In Iowa

DES MOINES, Iowa — Statistics show Iowa farms produced an estimated 18,975,000 pounds of honey last year to rank the third state in the nation among commercial honey producers. Only California and Minnesota kept bees busier than did Iowa.

## OUT ON A LIMB

By Stumpy McCulloch

My old friend Joe Brady, down in Alabama, tells about a neighbor of his who borrowed a copy of Ben Franklin's Autobiography one day. A week later, when the book was returned, Joe asked his neighbor how he liked it.

"First rate," the farmer said. "That fellow Franklin has got a lot of my ideas."

Most farmers I know have got a lot of good ideas, too. One good idea, for instance, is the Tree Farm program. It's a fairly young idea, as ideas go—it started in 1941. In just eight years, the program spread from coast to coast. During those years, more than 1600 farmers joined the movement to save our forests—and this brought more than 17 million acres of trees into the Tree Farm plan. That's enough lumber to make all the newspaper pulp that American papers could use in 75 years.

Out my way, farmers and woods owners like the program. I belong to it. Many of my friends do, too. The idea is to stimulate the interest of private land owners so they can find ways to get the best tree production out of their forest lands. Members include farmers who own less than ten acres, as well as the owners of large industrial forest farms.

It's good to have all these people in the plan, 'cause farming is farming, whether you live in Saskatchewan or South Carolina. Most farming is a mixture of work and fun—even if you're only raising Cain.

"Course, I wouldn't want to live on a farm if I couldn't have some pets—'specially dogs. A farm just ain't a farm without a dog or two. Not long ago I even thought of buying a bloodhound. But a newspaper ad sort of scared me off. The ad read, 'Bloodhound for sale: beautiful, gentle, good watch dog. Will eat anything and especially fond of children.'"

If you've got a dog on your farm, you've got to take special care of your trees. Dogs love trees—every one knows that. Old Betsy, my bloodhound, looks up at me when I'm trimmin' trees, with the saddest eyes that seem to tell me to be extra careful. I try to tell her that I'm not cutting 'em all down, just pruning some of them. Trees grow better, I tell her, if the crop trees are pruned while they're young. I select those when they're in the sapling or pole stage, and saw off the lower limbs. It helps me identify them. I can pick out the non-sawing trees to harvest for posts or poles.

Betsy sort of likes this idea of trimmin' special trees. Nowadays, she looks up at the branches and knows right where she buried her bone.

So long folks. See you next week!

Nowadays parking is everybody's problem. Women, however, seem to find it the most difficult. Lucky Shields, down Oregon way, who sells those chain saws named after me, thinks that women drivers wouldn't have so much trouble squeezing into a parkin' place if they'd imagine it was a pair of shoes.

There is a farmer in Maine who has solved the parking problem. He works at home making direct use of his tree crop. He has established a furniture making business right on his farm. He takes white pine, cuts it into lumber, then makes authentic reproductions of early American furniture from it. At the same time he carefully re-plants the trees he cuts so as to assure himself of a sturdy stand for many years to come. Seems as if more and more of our people are noticing how important tree farming really is.

An optimist, I just learned, is a man who figures that when his shoes wear out he'll be back on his feet.

Got telling a couple of new farmers how to fell a tree recently. I tell them the first step is to select the right trees for cutting. For the man who wants to keep his woods producing, I say, a forester can be of help. In many states publicly employed foresters are available to teach any farmer how to select the trees he should cut.

It's a good thing, I continue, and any local county agent can tell a man if this service is available in his community. If there ain't no such service I'd recommend studying up in government bulletins from the Department of Agriculture. American Forest Products Industries, 1816 N Street, N.W., Washington, D.C., puts out some fine literature on this, and it's all for free.

I never did get to tell these fellows how to cut a tree. Just as I got to the "after you select the trees..." they decides they need more information on tree selection and say they are going to take some courses in wood-lot management. They're right. Anybody can cut a tree. Takes a good man to select 'em.

The other day a friend of mine reminded me that parenthood is hereditary. "If your parents didn't have any children," he says, "chances are you'll never have any either."

Down around Clark County, Alabama, there is a stand of 682,000 acres of forest which used to be cotton field. Timber is now king; cotton is out. This has happened because several farmers down there began planting trees. The crop keeps coming, year after year. In this way there will always be enough lumber for houses and baseball bats and newspapers. Lumber in ample supply makes America the great nation it is today.

## Exercise Important In Baby's Bath Sessions

Baby's bath should be a sunny, agreeable spot in the day's routine. The mother who includes extra attention during bathtime is helping baby to feel he is loved and cherished, and thus contributes to his over-all sense of security.

The bath itself should be gentle and untroubled. After careful towel drying, a softening baby lotion treatment will add to baby's skin comfort. Use velvety baby lotion all over the body but especially in the folds and creases of skin. This snowy white emulsion of bland oil and water with lanolin and an antiseptic added not only lubricates the baby's skin but also protects it from diaper rash, prickles and chafes.

When baby has reached three months, he will enjoy mild exercise. After his skin care routine let him lie naked on a clean pad or sheet on the table. Free kicking and squirming is good for him. At times, mother can help baby raise his knees to his chest, stretch out his arms, or raise them gently.

Bathtime is baby's time and the wise mother treats the time as more than a dirt-chasing session. Baby can learn about life and people by the way he is treated during his bath hours.

## Deep Lake

Mrs. Millie Luehr, Correspondent  
Eliot 6-4946

After a lingering illness, Hannah Koller passed away Thursday, Mar. 22, at the home of her daughter, Mrs. Harold Hein in Richmond, Ind. Her body was brought back to Chicago to be among her friends and relatives, and was buried at the Mt. Emblem cemetery. She and her husband were pioneers of Deep Lake about 40 years ago. Later they built a summer cottage and about twelve years ago built their permanent home. Her husband, Jens, met with an accident about 4 1/2 years ago while painting at the university, he fell off a scaffold and died not too many hours later. They were good neighbors and an asset to the community. They took care of their home and grounds so the place would look nice. We miss them very much.

Lee Stollenwerk is at St. Therese hospital with a bad back and is undergoing therapy treatments. Vi Winstead is nursing a sprained ankle.

Mrs. Andrew Fischer is back home from Florida. Glad to have her back.

Barney Weismantel celebrated his birthday March 26. To help make it merry were George Pennecks, Mr. and Mrs. Ralph Sanders and Mr. and Mrs. Ray Konz of Chicago. They wine and dined at the Ruralite. Dolores Claussen is vacationing in Florida.

Henning Johnson is due home today (Thursday). All his friends will be happy to see him back after spending the winter in Florida.

Mr. and Mrs. Joe Grenus are bubbling over with joy. It's an adopted baby girl and they are thrilled beyond words.

The excavators held their meeting at the Saddle Inn, Tuesday, Mar. 27th. A representative from Patten Tractor was the speaker. Dinner was served.

## LEGAL

### ELECTION NOTICE

For Board of Education of School District No. 34. Notice is hereby given that on Saturday, the 14th day of April, 1956, an election will be held at the Antioch Grade School in School District No. 34, County of Lake and State of Illinois, for the purpose of electing three members of the Board of Education of said district for the full term.

For the purpose of this election said school district shall constitute a single election precinct and the polling place is established at the Antioch Grade School, Antioch, Illinois.

The polls will open at 12:00 o'clock Noon and close at 7:00 P. M. of the same day.

BY ORDER OF THE BOARD OF EDUCATION OF SCHOOL DISTRICT NO. 34.

Dated this 24th day of March, 1956.

(Just switch the pitch and see)

WE'll grant that you'll get a kick from just looking at a new Buick—it's that kind of automobile.

But you'll have to take the wheel, turn the key and press that pedal before you get any idea what this sizzler on wheels can do to your spirits and well-being.

It will take you only a handful of happy minutes to get the idea.

Just nudge the pedal—no more than a gas-saving inch—and you'll feel the instant new getaway that's yours with the new Variable Pitch Dynaflo\* even before you switch the pitch.

Just find a spot where you can safely and legally call out the reserves—then floor the pedal. That switches the pitch instantly—and in the same split-second you're at full-power acceleration and sweeping ahead like you never did before in any other earth-bound vehicle.

And all the while, just lend an attentive ear to the whispered might of that big 322-cubic-inch V8 that powers this spectacular performance. For that's the smoothest, the quietest and the highest-powered engine, Series for Series, in all Buick history.

There's more, of course, to make the thrills come thick and fast when you're bossing the best Buick yet.

There's the deep, soft comfort of big interiors—and the sweet and solid steadiness of that great Buick ride.

There's the grace of line you can see stretching before you—and the sure and nimble way this beauty handles and corners and tracks and targets to the road.

So come be our guest at the wheel of a spanking-new Buick—just for fun and kicks and a new excitement. And if you feel this is the car for you, we'll show you prices and a deal that say it's yours for sure. Drop in today or tomorrow, won't you?

\*New Advanced Variable Pitch Dynaflo is the only Dynaflo Buick builds today. It is standard on Roadmaster, Super and Century—optional at modest extra cost on the Special.

## Presenting .....

## Candidates For the High School Board

Nine candidates have filed petitions as candidates for member of the Antioch Township High School board of education in the coming election to be held Saturday, April 14. Three are to be elected.

Because of the high interest in the high school program, and especially in the coming election, we have asked all candidates to furnish information concerning themselves and their reasons for wishing to serve on the board.

Antioch high school district has grown to a great extent during the past few years, and many of the candidates may not be well-known to residents. For these reasons a brief biography of each candidate will be presented in this column before the election. Three are included in this week's issue.

## Walter K. Hills

Walter K. Hills, 64, a resident of Antioch for more than thirty years, is well-known to most residents of the area. He has been engaged in farming on route 21 south of Antioch for a great many years.

He has served on the high school board of education for the past eighteen years, and served nine of these years as president of the board. During this eighteen years he has missed only six meetings of the board, regular or special.

In a statement to the Antioch News, he said, "I enjoy my work with the board of education because I am interested in the welfare of the high school and the community, and am running for re-election on my past record as a board member." He also pointed out that during his many years of service he has become intimately acquainted with the workings of the high school, and added that the operation of the school, like any large business, is quite complicated.

He has been active in American Legion affairs, as well as all community betterment programs, and has served as commander of the local American Legion post.

## Ruth H. Seyfarth (Mrs. Richard B.)

Ruth H. Seyfarth, 44, lives at 434 Harden street with her husband, Richard B. Seyfarth, Antioch attorney and well known businessman of the area. The Seyfarths operated a resort at Lake Marie for a great many years before disposing of the property a few years ago to move to Antioch.

Mrs. Seyfarth is a graduate of Blue Island high school, and attended the University of Illinois from 1928 to 1931. She has had business experience as assistant to the secretary, Chicago Mortgage Bankers Assn., Chicago. She served as a school board member in Channel Lake school district for one three-year term, and has also managed the hot lunch program at that school.

She bases her plea for votes in the coming election on these aims and beliefs: That she believes that at least one woman should serve on the board at all times; that she has genuine interest in youth as evidenced by her work with the Antioch youth group; that she will attempt, if elected, to remain at all times fair and impartial, and to make a genuine effort to represent the interests of the students and people of the school district; and finally that she will "co-operate in every way possible to maintain harmony and understanding between the Board, the administrator, and the staff in order that our school may be operated in the most efficient and beneficial manner."

## Dr. Richard A. Carlucci

Dr. Richard Carlucci, 31, resides on Highland Ave., Antioch, with his wife, Corrine, and their three children, of grade school age. He has lived in Antioch for 3½ years, coming here from Maywood. He established a dental practice here, with offices at 986 Main street.

He is a graduate of Austin High school, Chicago, John Carroll University, Cleveland, Ohio, and Loyola Dental School, Chicago, in 1947 with a degree of D. D. S. He served 2½ years with the U. S. Navy during World War II, and with the Army Dental Corps for one year in Korea.

He had served as president of the West End Lions club, Chicago, and was first president and co-founder of Austin Youth Projects. He was first scoutmaster, and an organizer of Troop No. 91, Boy Scouts of America in Antioch.

Dr. Carlucci's platform for election includes a belief that he will be able to "maintain high educational standards through unity, co-operation and understanding of teachers, administrators, for the best interest of the students." He promises to promote and stimulate active interest of parents in the activities of the high school through the formation of a P. T. A.; and "to keep taxpayers of the township informed as to the progress, needs and future growth of the high school."

## Quarter Million in Prizes Offered in "Name Construction"

Antioch, Ill., March 29.—Entry blanks for American Motors' quarter million dollar "Name the Construction" contest are now available at The Main Garage, Antioch, Ill., Jim Maplethorpe, owner, announced today.

Entrants in the contest are only required to submit a name for the exclusive single unit type of car construction used on all Hudson Hornet, Wasp, Rambler and Metropolitan models, and other AMC cars, Maplethorpe said.

First prize will be \$25,000 in cash. A total of forty 1956 American Motors automobiles, 30 equipped with air conditioning, 100 Kelvinator appliances, and 1,000 cash prizes also will be awarded.

Additional bonus prizes will be given on the following basis:

If a car winner has purchased a new Hudson or other AMC car during the contest, he will receive double the purchase price of the car he would have been awarded.

If a car winner has had his car appraised by a Hudson or other AMC dealer during the contest, he will receive an extra \$1,000.

Suggested names entered in the contest must not exceed four words in length. They will be judged on how well the name describes AMC's type of car construction, its benefits to motorists, and suitability of the name for promotion purposes.

Maplethorpe invites everyone to visit his dealership to receive an entry blank and a folder which describes single-unit car construction and explains its safety, comfort and durability benefits.

Entries postmarked before June 1 will be accepted. Winners will be announced on July 1.

The Naval Air Test Center, Patuxent River, Md., tests all new Navy aircraft before they are delivered to operating squadrons.

Commanders of the Naval Air Test Center, Patuxent River, Md., live in the colonial mansion "Mattapan." It was built in 1670 by Gov. Charles Calvert, Third Lord Baltimore.

LEGAL NOTICE  
NOTICE OF A SPECIAL ELECTION

## DISTRICT NO. 36 IN LAKE COUNTY, ILLINOIS

NOTICE IS HEREBY GIVEN that on Saturday, 14th day of April, 1956, an election will be held at the school house, in School District No. 36 of the County of Lake and State of Illinois, for the purpose of voting on a proposition of building a (3) three classroom addition and an all-purpose room to the present schoolhouse and issuing bonds in the amount of \$95,000 to provide for funds for the purpose of building the (3) three room classroom addition and an all-purpose room to the present schoolhouse in and for the said district.

For the purpose of this election the school district shall constitute one precinct and the polling place shall be at the GRASS LAKE SCHOOL.

The polls shall be opened at 12 o'clock noon p. m. and closed at 7 o'clock the same day.

By order of the School Board of said District.

Dated this 26th day of March, 1956.

Herbert Meyer  
President  
Roy W. Frasier  
Clerk

LEGAL  
ELECTION NOTICE  
For Board of Education of School District No. 33

Notice is hereby given that on Saturday, the 14th day of April, 1956, an election will be held at the Emmons school in school district No. 33, County of Lake and State of Illinois, for the purpose of electing one member of the School Board of said District for the full term. Also, one member of the School Board to fill vacancy for one year.

For the purpose of this election said School District shall constitute a single election precinct and the polling place is established at the Emmons school, Antioch, Illinois.

The polls will be opened at 12:00 noon and close at 5 p. m. of the same day.

(A Caucus will be held at the polling place immediately before opening of the polls for the purpose of nominating a candidate for School Director.)

By order of the School Board of said District.

Dated this 29th day of March, 1956.

Maynard Schneider,  
President  
Eugene F. Geiger,  
Secretary

Fabulous Harlem Globetrotters  
Immortalized In 8mm-16mm Movies

MILLIONS of basketball fans through the years have attended one of the game's greatest shows—the exhibitions put on by "The Harlem Globetrotters," who have traveled all over the world. Now they can be seen again and again in a new movie professionally produced for owners of home movie projectors in both 8mm and 16mm sizes.

This movie presents the popular organization, so often referred to as "fabulous" by sports writers, and shows how they earned such a reputation. Their skilled handling of a basketball when they form their famous warm-up circle and baffle each other with the most unexpected tricks in passing the ball is a highlight of the film. Some of this action is shown in slow motion so that their skill can be studied.

The Globetrotters are famed for tricks in the game, too, and regularly baffle referees by craftily putting into play a ball loaded with Mexican jumping beans to make it bounce as crazily as if bewitched. Their dribbling is also astonishing.

to basketball fans, some of the players mastering this maneuver so that the ball hardly leaves the floor—though they may be racing with it up and down the court.

"The Harlem Globetrotters" is a fast and thrilling sports film and is sure to entertain everyone. Other new movies for owners of home movie projectors include a series of films especially interesting to golfers, covering grip, stance, the short and long game. It is based on Tommy Armour's book, "How to Play Your Best Golf All the Time."

Then there is "Sports Carnival at Madison Square Garden," an exciting and action-packed review of this famed arena's sports and spectacles.

The popularity of these inexpensive entertainment films, available at local camera stores, holds at a high level because they are wonderful gifts on special occasions throughout the year and because they can be shown again and again without diminishing interest. They are ideal for parties for young and old.
